Dear friends in Christ,
May the peace of The Lord be with you all now and always.

While appreciating in no small measures your continuous love and concern to our people here in Jangbunu parish and Catholic diocese of Yola as a whole, it is my sincere pleasure to present to you the progressive report on the 3 class room block with office complex which your team have accepted to construct for the good of our people here in this part of the country.

In the first place, I wish to apologize for the poor quality of the pictures. However, that is the best we can get from the photographer in Jangbunu. As can be seen in the pictures, the foundation stone of the 3 class room block was laid by the parish priest of St. Peter's Catholic Church Jangbunu, Rev. Fr. Fidelis Leburi along side the workers and few members from the community. From the time of the foundation to now, a huge success has been recorded as it has reached the roofing level as a result of the first disbursement you sent to us for the work.

At every stage of the construction, the pupils and also members of the local community express their joy and happiness over the project and are anxiously looking forward to when it will be completed. We will only be able to achieve this through your continuous kind gestures. It will really be our joy, all things being equal to have the building completed and ready for use by the month of May 2015.

To continue with the project, I therefore request for the second disbursement of the funds.

Once more many thanks to the Parish Priest, Fr. Richard Behan, the Twinning Team and all the good people of St. John the Evangelist Ballinteer.

With every sentiments of appreciation, I remain,
